

ICE RINKS

Arthur School Rink

Located just north of Arthur School, this unsupervised rink is constructed using a plastic liner which results in better quality ice and a longer skating season. There are timed lights that shut off at 10pm.

Bever Park Rink

Located in Bever Park, this unsupervised ground rink has timed lights that shut off at 10pm. The rink has a plastic liner that makes it possible for ice to freeze sooner. The liner also helps the ice last throughout the winter thaws.
