Register online at www.kirkwood.edu/kick

2014

Kirkwood Interactive Camps for Kids are designed to provide your child an enriching summer experience filled with exciting adventures and positive learning experiences. Designed for youth ages 9-15, the KICK summer program offers a wide variety of camps focusing on career exploration, adventure and fun. Whether it's a video gaming camp, art camp, rocket camp, graphic design camp, photography camp or a cooking camp—we're confident your child will find just the right summer camp experience ideally suited for them. We look forward to seeing you this summer!

Other benefits for your child include:

• **Social Skills Development**

- + Leadership
- + Communication
- + Participation

• **Self-respect and Character Building**

- + Resourcefulness
- + Responsibility
- + Learning Skills

• **Career Exploration**

- + Sciences
- + Technology
- + Manufacturing
- + Health Care
- + Journalism
- + Fine Arts
- + Energy

GET OUT!

BE A STAR!

Musical Theatre

Feel the rush of preparing for a major Broadway show! Spend a week rehearsing different songs from a variety of different musicals to perform for family and friends at the end of the week. This is your chance to explore the art of mixing drama and singing with a group of your peers! Ages 12-15.

CLYO-2885 / 5 sessions / \$139

>**51921** M-F 12:30pm-4pm Jun 16-Jun 20
Bredman, Thompson Cedar Hall 234

>**51924** M-F 12:30pm-4pm Jul 21-Jul 25
Bredman, Thompson Cedar Hall 234

Sheltered Reality–Drumline

Do you want to learn how to play the drums? Here is your chance! Sheltered Reality (SR) is a musical organization that travels around the country bringing their musical message of success to people across the U.S. In this class, SR will give you drum lessons, choreography lessons and an amazingly fun and loud time! You will learn multiple SR songs that are performed in their shows and will get to enjoy this time of learning with your new friends. Ages 9-15.

CLYO-2910 / 4 sessions / \$139

>**51930** M-Th 12:30pm-4pm Jun 23-Jun 26
Sheltered Reality Prairie High School Theatre

NEW

Kirkwood Voice Singing Camp

Do you love to sing? Spend a week singing, rehearsing and preparing for a talent show where you can show off a song you prepared on your own. This is your chance to build and share your talent with others who also want to be stars! Ages 12-15.

Bredman, Thompson Cedar Hall 234

>**52099** M-F 12:30pm-4pm Aug 4-Aug 8
Bredman, Thompson Cedar Hall 234

Middle School Summer Jazz Band Camp

Your kids will enjoy this summer jazz band camp with professional instruction in theory, improvisation, big band, combo, sectionals, jazz listening and private lessons. It's open to any band student entering grades six through nine with at least one year of band instruction or private lessons. Ages 9-15.

CLYO-2900 / 5 sessions / \$249

>**54723** M-F 9am-4pm July 14-Jul 18
Green Prairie Point Middle School

Drama Camp

Whether you are someone who loves to be "center stage" or someone who is a bit shy about being in front of an audience, there is something for you at Drama Camp. Join us as we explore the many ways to share your dreams and practice your skills in improvisation, interpretation, storytelling and acting. We will take a look at what goes on behind the curtain and the many ways you can develop your creative talents in the future.

CLYO-2860 / 5 sessions / \$199

Bergmann-Smithey Benton Hall 358

Mock Trial

Students will explore the criminal trial procedures and processes of the American legal system, step-by-step. They will spend their time interviewing witnesses, formulating direct and cross examination questions, writing and arguing opening statements and cross examination questions, and learn how to effectively present objections to the court in preparation for a mock trial on the last day of camp. Ages 11-15.

CLYO-2130 / 4 sessions / \$99

>51799 M-Th 12:30pm-4pm Jun 23-Jun 26
Efting Kirkwood Ctr 123

Summer Makeover

Do you love fashion, makeup and hair? Don't miss this chance to learn tricks of the trade from a professional in the field. You will learn hair, makeup, skin care and nail care techniques that are used by professionals. This two-day camp is filled with hands-on fun! Ages 9-12.

CLYO-2150 / 2 sessions / \$79

>51961 TTh 8:30am-12pm Jun 24-Jun 26
Simmons Kirkwood Ctr 129

Creating Art: A Process of Discovery

This is a fun, intensive workshop for the artistically spirited youth who seriously want to further develop their expressive art skills. Jan Kostka, an enthusiastic veteran art teacher, will lead you on a guided journey to search for inspiration. You will draw and paint, exploring color as an adventure in self-expression. See yourself as extraordinary! Students will have an art show to display their work at the end of the session. Ages 10-14.

CLYO-2930 / 3 sessions / \$119

>51814 M-W 8:30am-12pm Jul 7-Jul 9
Kostka Kirkwood Ctr 122

Become a Famous Author

Did you know that the book *Eragon* was written by a 15-year old? Now it's a movie! Did you also know that 11 year-old Karely Pillsbury wrote the book *Snowbird*? Anything is possible! Maybe you have an idea of a book, but don't know where to start? Discover the ins and outs of the publishing business and learn how to create a marketable book that will take you from writer to paid author. Kids and teens have great ideas, too. Ages 11-15.

CLYO-2920 / 2 sessions / \$89

>52243 ThF 8:30am-12pm Jul 10-Jul 11
Ballard Kirkwood Ctr 123

Creative Drawing

Learn to see your world in a new way! Join an experienced, enthusiastic art teacher as you are guided to observe a wide variety of subjects. Explore new techniques with a multitude of different kinds of drawing materials. You will have fun as you improve your drawing skills! Ages 9-15.

CLYO-2935 / 3 sessions / \$119

What last year's KICK campers said:

"I will come back to KICK next year because it was so fun!"

"It was so fun I didn't want it to end."

"My favorite part was getting to make my own game."

"I liked the idea of all the hands on activity and all the interactions and teamwork. This is a camp I will always remember."

"My favorite part was learning to curl my hair because I've never done it before."

"I came last year so it was great to see the progress I made and I thought all the teachers were awesome."

GAMERS & TECHIES

Basic Video Game Design

Have you ever thought of an idea for a video game that does not exist? Now is the chance to find out how to turn your ideas into an actual game. Participants will use easy to learn software to discover the basics of video game design. Topics covered will include designing and developing game mechanics, characters, objects, levels, and elements of graphic design. After completion, you will understand how to create interactive games. Ages 10-14.

CLYO-2000 / 5 sessions / \$155

"I really appreciate that the staff and instructors treated the kids like young adults. The kids got to do so many things that "older" kids usually get to do, but in a safe and educational manner. Thank you!"

"My daughter had a great time."

"You guys do an awesome job with all these camps. Thank you!"

"The instructor works really well with this age group and challenges them to do their best. Thank you for engaging kids and getting them excited about learning."

"Such an excellent camp. My son wants to do it again next year!"

"The chef/instructor is amazing! My children returned from class with so much enthusiasm and were very proud of their cooking."

Young Chefs: Asia

Japanese, Chinese, Indian, Thai and more! The world of Asian cuisine will be discovered in Young Chefs: Asia. This is a hands-on class focused on the expansive world of Asian ingredients. From sushi to curry, a whirlwind tour of a continent's cuisine. Learning by doing, young chefs will acquire basic knife skills, see how to use kitchen equipment, read recipes and understand kitchen sanitation. Ages 10-15.

CLYO-2222 / 1 session / \$55

>**51768** Th 12:30pm-4pm Jul 10
Dennis Kirkwood/NewBo

Pasta Perfect

You'll learn how to prepare ravioli and other pasta dishes with different sauces to dress up this classical and comforting Italian dish. Some experience in the kitchen is necessary, and the ability to read ingredients, as well. Ages 9-15.

CLYO-2235 / 2 sessions / \$89

>**53389** MW 12:30pm-4pm Jul 14-Jul 16
Vahanian Kirkwood/NewBo

Potatoes... Endless Possibilities

Rediscover the power of potatoes! Few ingredients come close to their versatility and ability to carry other flavors. After this class, you will see potatoes under a different light. You'll cook different dishes using potatoes, such as oven baked potatoes with salsa, tortilla Española, Shepherd's pie, bombas de papas and more. All the recipes are carefully created to lend a healthy and flavorful product you and your family will enjoy. Ages 9-15.

Vahanian Kirkwood/NewBo

Discover Italy Through Food!

A four-day course that will end in a delicious and authentic Italian meal made entirely in class and with local ingredients! Learn how to make your own Italian cheeses such as ricotta, mascarpone and mozzarella. Tackle the béchamel, and you'll go home with a skill that will last you a life time! You'll have fun finding different household items to use instead of a rolling pin, and learn how to make different pastas including ravioli, linguini, tortellini, penne and colored pastas and herb speckled pastas all by hand. Finish up the class by making mascarpone chocolate cannolis! Ages 9-15.

Young Chefs: Kitchen Advanced

A hands-on series for the young chef with a bit more kitchen experience. Learn advanced techniques in how to start off a great meal and how to finish it by adding just the right touches. Young chefs will learn more advanced knife skills, how to use kitchen equipment for more advanced recipes, how to read more advanced recipes and kitchen sanitation. Prerequisite: Young Chefs: Kitchen Basics. Ages 12-15.

CLYO-2270 / 2 sessions / \$99

Healthy Eating!

Tater tots and mac and cheese don't have to come from a bag or a box, but instead can be made from scratch with healthy ingredients! Give your favorite foods a nutritious makeover! Whether it's after school, on the way to sports practice or at home, having healthy homemade snacks is the way to go! You'll make granola balls, crackers, chips and more! Also, learn how to remake the cookie so that it is healthy enough to eat for breakfast, but still tastes delicious! You will finally take charge of creating healthy dishes using only items from an Iowa garden, learning how to cook with seasonal produce and how to combine herbs, spices and vegetables to get the most out of your garden harvest! Ages 9-15.

Aerospace Engineering

Have you ever wondered what it takes to design and make a rocket? Join this camp to find out. In this camp we will do it all: engine stand tests, wind tunnel tests, data analysis, programming and building a real flying rocket. Every student will find something to do that he or she likes. We will spend some time analyzing data and programming in the computer lab, assembling models in the classroom, and testing the models outside. If you have participated in this camp before, join us again. Our designs and challenges never stay the same. Ages 9-15.

CLYO-2580 / 5 sessions / \$149

Predict the Weather

Come learn about the ins and outs of eastern Iowa weather. How does a forecast get built? Why is Iowa's weather so ever-changing? Do you have what it takes to be a TV weatherman or woman? Join CBS2's Justin Roberts for this fun two-day camp where you'll learn all the secrets of TV weather. You'll help build a forecast, discuss severe weather plans, and try your hand at the weather "green screen" with a tour of the CBS2 studios and Broadcast Park. Ages 9-15.

CLYO-2460 / 2 sessions / \$89

Blue's Anatomy: Health Careers Camp

Do you think you might have a future in health care? At this camp, you'll explore careers in various areas such as dental, medical, diagnostic and therapeutic services, emergency care, dietary and vision services. You'll go on field trips and experience a hands-on activity in medical simulation. Ages 9-15.

CLYO-2400 / 4 sessions / \$169

>**54724** M-Th 12:30pm-4pm Jul 7-Jul 10
Abbott Katz Family Healthcare Sim Ctr

Future Scientist: Foodborne Outbreak/Food Safety

NEW

You will find out how to keep food safe, know when it has been compromised and what to do when it has been compromised. You will also participate in activities such as foodborne outbreak investigation, hand washing exercise and extracting DNA from a strawberry. Ages 9-15.

CLYO-2555 / 1 session / \$69

>**52152** W 12:30pm-4pm Jul 23
Bonar U of I State Hygienic Laboratory

Future Scientist: Water Quality – Why Can't I Drink My Water?

NEW

This camp will consist of a surface water activity, an incident investigation activity and a water filtration activity. First, you will see how limnologists are able to determine the quality of water in lakes and streams by collecting bugs, fish and water samples on a regular basis. Next, you will investigate what water source is making them sick and what is in the water source. Then, you will build a water filtration system and test its effectiveness and efficiency. Ages 9-15.

CLYO-2555 / 1 session / \$69

>**52151** W 12:30pm-4pm Jul 30
Bonar U of I State Hygienic Laboratory

Future Scientist: Zombie Apocalypse

NEW

Public health laboratories are important in identifying infectious agents, responding to chemical and biological threats and identifying unknown white powders. You will take part in an exercise to investigate a white powder incident, and as a crime scene investigator, you will analyze unknown mixtures to determine their chemical composition. Ages 9-15.

CLYO-2555 / 1 session / \$69

>**52150** W 12:30pm-4pm Aug 6
Bonar U of I State Hygienic Laboratory

BEING GREEN

Catch the Wind

Wind is the fastest growing source of electricity in the world. It's often one of the least expensive forms of renewable power available. Find out about all of the cool and exciting clean energy sources like the sun and wind! Students will have direct experience with a form of sustainable renewable energy by visiting Kirkwood's wind turbine and by creating their own model wind turbine. This camp is designed to build on what students already know about energy, renewable and non-renewable. They will also gain direct hands-on experience with a form of sustainable, renewable energy.

NEW

Building Bridges

Flex your building and design skills in this engineering-based and advanced STEM course. You will construct and design your own bridge model out of KNEX, learn about forces that keep bridges up, use a computer program to create virtual bridges and test different bridge structure concepts and ideas to see how each design would hold up in a simulation of a truck crossing the bridge. This class emphasizes the importance of using creativity to come up with a solution to each of the challenges, with trial and error being an integral part of science and design projects. For students entering 9th grade and beyond.

CLYO-2683 / 3 sessions / \$129

Rocket Camp

Three, two, one, blast off! Learn the fundamentals associated with rocketry while gaining and understanding the principles of aerodynamic stability, rocket propulsion and recovery. Design and build your own straw rocket and enter your design in our KICK straw rocket competition. Take your rocket to the next level by building, decorating and flying your own powerful solid fuel rocket soaring to heights up to 1,000 feet! Lots of fun for everyone and guaranteed to stimulate a sense of accomplishment and improve self-esteem. Campers get to take home all of their rocket creations. Ages 9-15.

Structures: Scale it Down

This class focuses on using correct ratios and measurements. The students will research a structure of their choice, the measurements, materials and history of that structure. Once the data is collected, students will learn to use the metric system to scale down and build the structure. This class challenges students to use problem solving skills, such as will the size be correct and what materials are best to use. Students will consistently need to use mathematical and creative skills. Ages 10-15.

Camps by Cluster for Parents and Youth KICK Programs — Assisting Career Exploration

Career clusters are groups of similar occupations and industries. They were developed by the U.S. Department of Education as a way to organize career planning. Career clusters enable youth to explore several career options within a field that might be of interest to them. As a parent or as a youth, we know you are interested in experiences to help you explore, navigate and plan for your future. Career clusters provide an organized way that links education with business and industry occupations and introduces you to the exciting range of careers available in today's world of work.

The list below shows which career fields a particular KICK program applies. This way, if you have a particular career interest you want to explore, it is easy to identify the KICK program to investigate further.

KICK SCHOLARSHIPS

Every young life deserves to be enriched by the Kirkwood Interactive Camps for Kids experience. Using eligibility for the federal free school lunch program as qualification, Kirkwood Community College is committing tuition assistance scholarships on a first-come, first-serve basis for participation in the 2014 KICK summer program.

To apply for tuition assistance, please visit www.kirkwood.edu/kick or call **319-398-7768** for a KICK scholarship application.

GENERAL INFORMATION

How to Register: See the registration page at the back of this brochure. If registering by mail, please use one form per student (forms may be copied).

Release/Waiver of Liability Form: Two weeks prior to the start date of the camp(s) you are registered for, you'll receive an information packet containing a confirmation letter, materials for the class, a release/waiver of liability and a photo release. Parents or guardians should complete and return all forms as instructed. Registration is not complete until a signed release/waiver of liability form is received for each student.

Age Policy: All camps are for youth ages 9-15, unless specified in the descriptions. No younger students will be admitted.

Fees: Fees vary by camp. See individual descriptions.

Locations: Locations vary by camp. See individual descriptions.

Transportation: Students and their parents or guardians are responsible for all transportation arrangements. Please pick up and deliver your student at assigned locations.

Scholarships: To apply for KICK tuition assistance, visit www.kirkwood.edu/kick or call 319-398-7768 for a KICK scholarship application.

Supervision Policy: Children must be accompanied by a parent or guardian except when under the direct supervision of camp instructors or staff. Children may not be left unattended before, during the lunch period or after camp. **Students should be brought to their camp no earlier than 10 minutes before start time and picked up no later than 10 minutes after end time.**

Refund Policy: Cancellations made by Kirkwood Continuing Education are fully refunded. Cancellations made by the customer before the start date will be refunded. No refunds will be issued for camps dropped on or after the class start date.

Questions: Go online at www.kirkwood.edu/kick and link to the Frequently Asked Questions. If your question is not answered there, or you do not have Internet access, call 319-398-7768 or 800-332-2055, ext. 7768.

Directions: A map and directions to the Kirkwood Community College campus are available online at www.kirkwood.edu/maincampus. For off-campus camps, the address will be sent to you in your information packet.

Register early as camps can fill quickly. Be sure to check KICK online at www.kirkwood.edu/kick to see if additional sessions have been added to your favorite camp(s).

REGISTRATION—Four easy ways to register:

Log on to our website at www.kirkwood.edu/kick

Call **319-398-1022** or **800-332-8833** between 8 a.m. and 4:30 p.m. any weekday.

Complete the enrollment form below and mail with payment to:
Kirkwood Continuing Education
 6301 Kirkwood Blvd. SW
 Cedar Rapids, IA 52404

Complete the enrollment form below and fax to **319-398-7185**
