Spring 2014 Soccer Information

U9/U10 Academy Program

The U9-U10 Academy is a State-initiated and State-led program that provides the training and player development necessary to prepare young players for competitive/select soccer at U11 and above. PSC's Academy program is certified by the Iowa Soccer Association (ISA) on a yearly basis and is led by PSC's Academy Director. **This program is designed for those players that have shown they are superior, either athletically, skillfully, or both, to the other players in the developmental system and want to push their soccer abilities to a higher level.**

Players in the Academy are trained twice a week by a member of the PSC professional coaching staff who is assisted by a state licensed parent-coach. Teams play in the ISA Eastern Iowa Academy league against other eastern Iowa clubs' academy teams and travel to two local tournaments each season. Practices will begin the week of March 24th. All practice sessions will be held at the PSC soccer complex. League games will take place on Saturdays, with some travel for games not played at the PSC complex. The Academy teams' tournaments will all be held within eastern Iowa. The cost for this program, for the spring, is pro-rated from the yearly cost and is \$285. Players will also be required to purchase a uniform, consisting of: one jersey, one short and a pair of socks, totaling \$53. **The deadline for registering is February 16th.**

To help parents decide if their child is ready to play with the U9/U10 Academy team, listed below are the characteristics of the type of players who should participate. If your child displays some or a majority of the characteristics listed below then they are more suited to play in this level. The characteristics are:

- Demonstrates higher level of technical skills (control of ball, dribbling, and shooting);
- Child is physically stronger than most in his/her age group;
- Child is more athletic than most players in their age group;
- Child has a higher level of coordination and agility;
- During games your child is more aggressive and always wants to be involved;
- Child tends to dominate the play in their games; or
- Child has started to make soccer a high priority and wants to play at a higher level and/or intends on playing competitive soccer at the U9 level.

If you have any questions about whether your child is ready to play for one of the U9/U10 Academy teams, please contact Steve Robertson at the following email: steven.robertson@psciowa.com
