

## EnvisionCR — a new comprehensive plan for the City

You are invited to join the City of Cedar Rapids as it develops a new comprehensive plan for the city. With public input from families and community leaders, Cedar Rapids will launch a fresh blueprint for future growth and development.

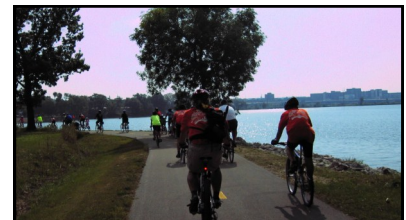

Please join us March 26 for a public kick-off and special presentation on new City initiatives, including the Cedar Rapids Greenways. The presentation will allow families to share ideas on what they would like to see in the three greenway parks: Time Check, Kingston, and Czech Village, and give City officials feedback on a variety of different initiatives.
