KICK

Kirkwood Interactive Camps for Kids

Kirkwood Interactive Camps for Kids are exciting and educational summer camps for youth ages 9-15. KICK camps are designed around career exploration and provide fun, hands-on activities that promise to develop and build key skills for future success. No matter what career field you want to explore, KICK camps are sure to be an unforgettable adventure full of inspiring accomplishments and new friends!

CEDAR RAPIDS CAMPS

S.T.E.A.M. (SCIENCE, TECHNOLOGY, ENGINEERING, ARTS AND MATH!)

Click! Photography

Explore the world through a camera lens. This class will focus on how to compose and create great photographs using your digital camera. You'll go on location on the Kirkwood campus for photo-shoots, and view and discuss your images in class. Be sure to bring your digital camera and wear comfortable shoes. On the last day we'll take a trip to NewBo City Market and explore with our lenses. **Ages 9-15.** Note: Must have digital camera – no phones, please!

Hands-on PC: Design, Build and Maintain

Do you want to get into the guts of a computer? Learn about the inner workings of a computer, how every part works and how it comes together to make a working PC. You will use the Internet to design and research the equipment that it would take to build a computer or upgrade an older machine. You will then assemble a working computer from parts, install an operating system and get to take your computer home with you.

Exploring the World of Horticulture and Natural Resources

NEW

Want to know if your thumb is green? Do you like to create, design and construct? Do you like nature? The field of horticulture is vast and encompasses both the outdoors and indoors, from farmers to florists, botanists to entomologists, arborists to landscape designers, environmentalists to park rangers. Whether for fun or a future professional goal, we will explore and discover the world of horticulture and natural resources. Through the projects designed to identify some of these careers, we'll work on projects in the Kirkwood greenhouse and gardens, create a fresh cut floral design, design a landscape and learn about some of our natural resources. **Ages 8-14.**

CLYO-2060 / 5 sessions / \$165

>80206 MTWThF 8:30am-12pm Jun 20-Jun 24

STEM Reads: The Maze Runner by James Dashner

Try to escape the maze in James Dashner's *The Maze Runner*! Sixteen-year-old Thomas awakens in a dark, metal box. He remembers his name, but knows nothing of his past. He and several other boys are prisoners in the heart of a vast maze. Every day they run the maze searching for a way out. Every night the maze fills with robotic monsters and its walls change positions. What is the maze? Who is experimenting on the boys? Will they stay alive long enough to find a way out? This novel explores how times of trouble can foster teamwork, leadership and compassion in some while driving others to madness.

Become a Successful Writer

Did you know the book *Eragon* was published by a 15-year-old? Now it's a movie! Kids have great ideas and anything is possible if you commit to the process of developing good writing habits. Maybe you have an idea for a book but don't know where to start? That's all right! Join us as we discuss and practice writing about our characters and storylines. In addition to lots of in-class writing time, we'll also discuss the ins-and-outs of the publishing business and how to create a marketable manuscript. Poets are welcome, but this class will be geared toward the fiction and nonfiction writer. **Ages 11-15.**

CLYO-2920 / 2 sessions / \$89

>79914 ThF 12:30-4pm Jul 14-Jul 15
Haight-Angelo KCLL 304

Proportional Relationships

Focus on proportions, rates and unit rates. Why is this important? How is this applicable in real life? Let's figure that out! Have fun with comparing prices and scale drawings as if you were an online shopper or an architect. **Ages 9-14.**

CLYO-2800 / 3 sessions / \$99

Minecraft Designers

If you love the game Minecraft, but always wanted to design your own characters and buildings for your games, then this class is for you! Learn the basics of creating 3D models using a new software to design your very own objects, create skins for characters and import them into your favorite Minecraft games. To access their project at home, students must own a PC/MAC version of Minecraft. Tablet, phone and game console version of Minecraft are not compatible. A parent's email address is required to use 3D modeling software. Students will work in teams for most of the program.

West Music Presents: Musical Theatre Workshop and Revue

NEW

Join our expert instructors for an adventure in singing, musicianship and the musical theatre experience! Kids will work together on creative projects that build their own masterpieces using musical, theatre and storytelling skills. Submit any songs you'd like to work on in the camp from the genre of musical theatre for approval, and work with our professional pianist and vocalist to create theatrical production experiences. The last hour of the class will be a performance your family and friends are invited to come and see a showcase of all that you've created! **Ages 8-14.**

What Are You Breathing? Iowa's Air Quality

NEW

You could go days without food and hours without water, but you would last only a few minutes without air. On average, each of us breathes over 3,000 gallons of air each day. You must have air to live. However, did you know that breathing polluted air can make you sick? In this camp, you will be able to answer the following questions through interactive activities. How is Iowa's air quality monitored? How does air quality affect you? How can you play a part in keeping our air breathable? **Ages 9-15.**

STEM Reads: Dark Life by Kat Falls

Dive deep into the vivid underwater world of *Dark Life* by Kat Falls! Using the book and STEM Read Activities, you will explore more about underwater life. Book Description: The oceans rose, swallowing the lowlands. Earthquakes shattered the continents, toppling entire regions into the rising water. Now, humans live packed into stack cities. The only ones with any space of their own are those who live on the ocean floor: the Dark Life. Ty has spent his whole life living deep undersea. When outlaws attack his homestead, he finds himself in a fight to save the only home he has ever known. Joined by Gemma, a girl from Topside, Ty ventures into the frontier's rough underworld and discovers some dark secrets to Dark Life. Secrets that threaten to destroy everything. **Ages 8-10.**

STEM Reads: The Maze Runner
by James Dashner
NEW

Try to escape the maze in James Dashner's *The Maze Runner*! Sixteen-year-old Thomas awakens in a dark, metal box. He remembers his name, but knows nothing of his past. He and several other boys are prisoners in the heart of a vast maze. Every day they run the maze searching for a way out. Every night the maze fills with robotic monsters and its walls change positions. What is the maze? Who is experimenting on the boys? Will they stay alive long enough to find a way out? This novel explores how times of trouble can foster teamwork, leadership and compassion in some, while driving others to madness. **Ages 11-14.**

KICK SCHOLARSHIPS

Every young life deserves to be enriched by the Kirkwood Interactive Camps for Kids experience. Using eligibility for the federal free school lunch program as qualification, Kirkwood Community College is committing tuition assistance scholarships on a first-come, first-serve basis for participation in the 2016 KICK summer program.

To apply for tuition assistance, please visit www.kirkwood.edu/kick or call 319-398-5529 for a KICK scholarship application.

GENERAL INFORMATION

How to Register: See the registration page at the back of this brochure. If registering by mail, please use one form per student (forms may be copied).

Release/Waiver of Liability Form: Two weeks prior to the start date of the camp(s) you are registered for, you'll receive an information packet containing a confirmation letter, materials for the class, a release/waiver of liability and a photo release. Parents or guardians should complete and return all forms as instructed. Registration is not complete until a signed release/waiver of liability form is received for each student.

Supervision Policy: Children must be accompanied by a parent or guardian except when under the direct supervision of camp instructors or staff. Children may not be left unattended before, during the lunch period or after camp. Students should be brought to their camp no earlier than 10 minutes before start time and picked up no later than 10 minutes after end time.

Age Policy: All camps are for youth ages 9-15, unless specified in the descriptions. No younger students will be admitted.

Locations: Locations vary by camp. See individual descriptions.

Transportation: Students and their parents or guardians are responsible for all transportation arrangements. Please pick up and deliver your student at assigned locations.

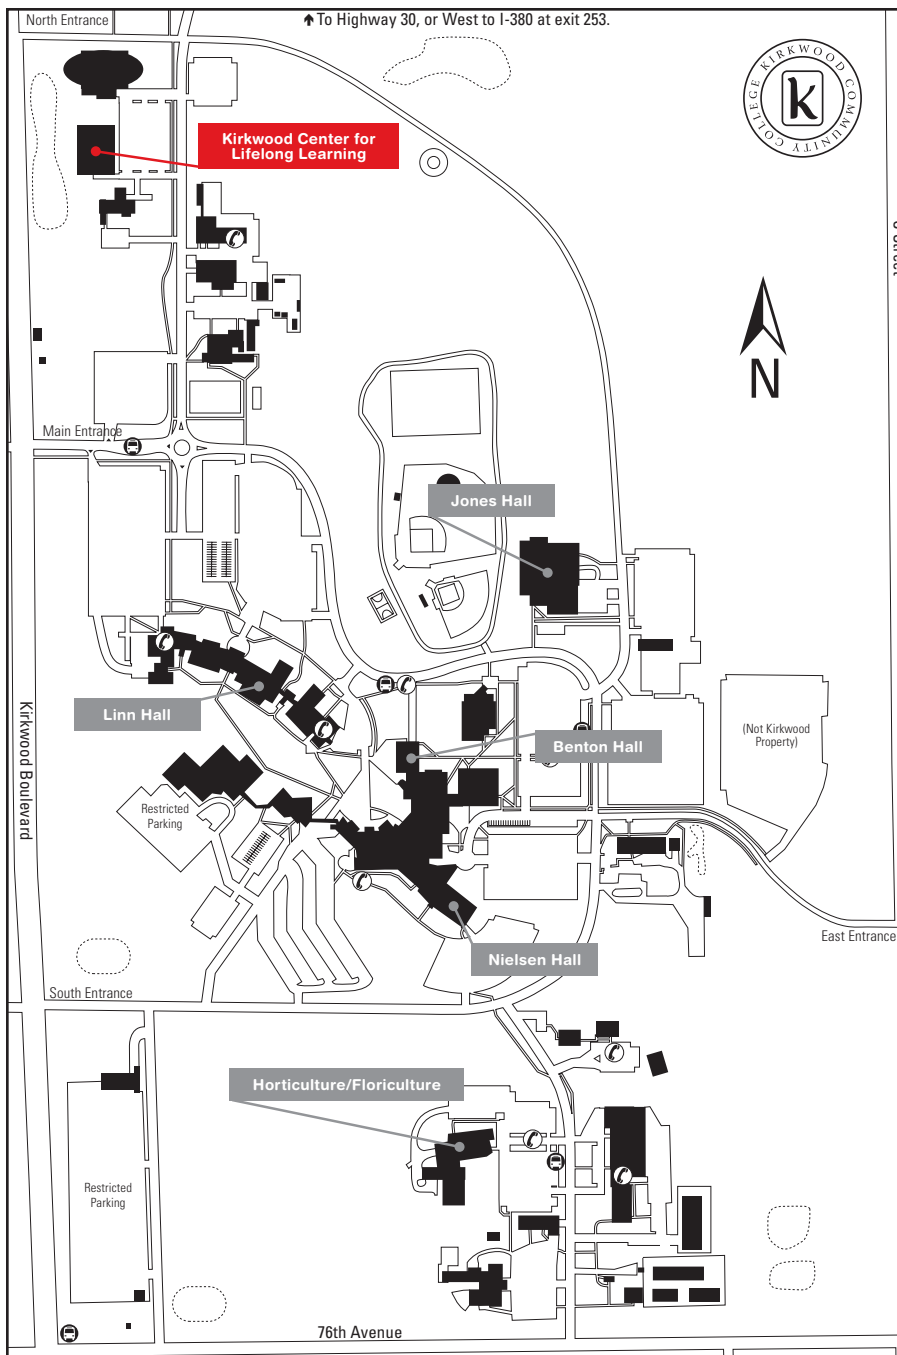

Scholarships: To apply for KICK tuition assistance, visit www.kirkwood.edu/kick or call 319-398-5529 for a KICK scholarship application.

Refund Policy: Cancellations made by Kirkwood Continuing Education are fully refunded. Cancellations made by the customer one business day before the start of a camp will be refunded. No refunds will be issued for camps dropped on or after the class start date.

Questions: Go online at www.kirkwood.edu/kick and link to the Frequently Asked Questions. If your question is not answered there, or you do not have Internet access, call 319-398-5529 or 800-332-2055, ext. 5529.

Directions: A map and directions to the Kirkwood Community College campus are available online at www.kirkwood.edu/maincampus. For off-campus camps, the address will be sent to you in your information packet.

Register early as camps can fill quickly! Be sure to check KICK online at www.kirkwood.edu/kick to see if additional sessions have been added to your favorite camp(s).
