KIRKWOOD BLVD. SW

DRAWING NOT TO SCALE

## Campus Safety & Efficiency Improvements

Intersection and pedestrian improvements are planned to help support traffic flow for the College Community School District. A roundabout is planned for the intersection of Kirkwood Blvd and the district's south access, south of 76th Ave SW. Roundabouts reduce speed, minimize delays, and increase safety.

### Project Goals:

- Improve traffic flow/efficiency
- Improve safety conditions
- Reduce traffic speeds
- Support future growth of district

### Project Timeline:

- Project bid: Spring 2017
- Construction: Summer 2017 (avoiding school year)
