Coach Bentley's Notes: I would like to invite you to our first annual shooting clinic. We invite you to join us this year and start working on your shot. We will be focusing on shooting and the offensive skills that help you become a great shooter. We will present these in a variety of ways from lecture, demonstration, and small group experience with lots of repetitions. Again we ask that you join us if you have the opportunity. We look forward to seeing you!

Goal of Clinic:

Our goals for our clinic is that first, you have a great experience and learn proper shooting technique at the same time. Second, we want to start developing a relationship with our players, parents, and community. We want our program to be one that moves forward together with the all pieces of our program in mind when making decisions.
