

Augmented Reality

by, Imagination Iowa

Did you know that PokemonGo was a type of augmented reality? Would you like to create your own? Well now you can using Metaverse. Metaverse uses simple storyboard code to create AR (augmented reality) games or quests that can be tagged for a certain location. Come join us as we explore building, coding, testing, and sharing these games! This class is ideal for 9th-12th grade students. Please bring a laptop with you.

Join us on
October 28, 2017
from 1:00-5:00 pm

\$50 per student

Scholarships are available

Location: Geonetric, 415 12th
SE, Cedar Rapids, Iowa 52401
