

Video Game Creation with Imagination Iowa

Playing video games is fun, but everyone has their own story to tell and creating a video game is the perfect way to do it! Students will create a character, setting, and storyline for a video game that they create using Bloxels—a new tool that has physical components, plus an app. Please bring a laptop. This class is ideal for students in 4th-8th grade.

Join us November 11, 2017 from 1-5 pm

\$50 per student
