

Volunteer at Financial Literacy

We're looking for volunteers to help students. No experience necessary!

From **May 7-11 and May 14-18**, 8th graders will participate in the **Linn County Financial Literacy Fair** at the **Kirkwood Linn County Regional Center in Hiawatha** during the mornings. In class, students learn about life decisions that affect financial well-being. Based on their interests, they select a career, and determine gross and net salaries. Then they attend The Fair to face the reality of their financial decisions.

Join the Fun! A quick 30 minute volunteer training is given before students arrive.

To volunteer, visit the **Volunteer Now** tab on www.workplace-learning.org or click below to register:
