

TOYS FOR TOTS

Sponsored by The Salvation Army

College Community Schools helps to provide a happy holiday for those less fortunate by having a toy collection box at each of our elementary, middle, intermediate and high school, transportation building, district office and early childhood center from Monday, October 28th through Thursday, December 5th.

Please note that we are only collecting new toys for boys and girls from birth to age 17 for the Toys for Tots program. We know that there are many used toys with a lot of fun left in them, but for reasons of safety and Toys for Tots' national policy, they cannot accept used toys. Items for young people in grades 9-12 are most needed. Books, puzzles and board games are appreciated.

Thank you for helping to make the holidays a bit merrier for the children in our community.
